

# Crocheting

Acquiring crocheting skills prepares the individual to engage in income-generating activities and the world of work. Therefore, the learner will know how to handle materials used in crocheting and how to make crochets in order to stimulate the fine motor skills as well as generate an income.

## Interventions

- Introducing crocheted items to the learner
- Providing materials and equipment used in crocheting
- Guiding the learner in manipulating materials and equipment for crocheting
- Demonstrating crocheting to the learner
- Guiding the learner to make crocheted items
- Guiding the learner in storing and selling crocheted items
- Recording progress and achievements of the learner
- Reinforcing positive behaviour of the learner.

## Achievement Indicator

The learner can:

- develop fine motor skills for crocheting.
- crochet and finish items.
- participate in improving income levels.

## Resources/Materials

Yarn, crochet needle, recording materials, mat (for learners to sit on), darning needle, wool, thread, assistive devices, crocheting frame, etc.
